CARRIAGE HOUSE COLLECTION

Features:

- Nominal **24 gauge** hot dipped galvanized steel construction with **hemmed inside return rail**.
- **1.0 mil paint system** includes .25 mil rust inhibiting primer and .75 mil exterior top coat that resists fading and chalking while providing consistent color from panel to panel.
- 19 gauge hot dipped galvanized steel stiles include **rolled safety edge**.
- Stiles attached with rivets to provide superior strength when compared to common sheet metal joining methods.
- Sections include **tongue and groove** meeting rails for superior strength and better sealing against wind, rain and snow.
- **Rigid aluminum retainer** provides added strength while securing replaceable u-shaped bottom weatherstrip.
- doorLink™ designs are protected by US patent #D487521.
- **Model 431** is insulated (R value: 6.85) with CFC Free expanded polystyrene with a high impact plastic back cover.
